

USAR Low Profile

SKU# LPH-SR-1201

The field proven Low Profile Hydration Pack with an integrated 102 oz. CamelBak reservoir is the ideal suspension system that integrates hydration. Issue the Low Profile to a team member and it can be easily attached to the Wolfpack Gear USAR Web Belt (belt not included). Configure the belt and accessory bags to be mission specific and gearing up for a mission is made simple. The slim design and comfortable fit allow you to carry water you can trust into hostile environments with very little effort.

Features

- > Wolfpack Gear wide padded shoulder strap design for maximized comfort
- > Modular design to facilitate simple gear reconfigurations
- > 102 oz. CamelBak reservoir with bite valve cover
- > Hydration tube is routed thru shoulder sleeves for maximum protection
- > Breathable spacer mesh back panels
- > Compatible with detachable back packs
