

USAR Shoring / Nail Bag

SKU# SK-SR-3101

Designed specifically for the mission of shoring construction and other woodworking operations, this bag is very functional. Similar to a carpenter's nail bag, additional features such as a grease board for jotting measurements, speed square pocket, covered pockets, tape measure pocket, pen holders and a drop leg design make this the ideal solution. Nail pockets are reinforced with a durable material to prevent nails from poking thru or premature wear.

Features

- > MOLLE or drop leg attachment system
- > Two covered nail pockets
- > Speed square pocket
- > Tape Measure Pocket
- > Covered pocket for pencils, crayons and permanent markers
- > High visibility reflective trim
